

1. All coaches participating in JF Coaching events are to be signposted to this policy document, regarding the safe running of JF coaching sessions.
2. The safety and welfare of players, coaches and parents is the primary concern. This should be kept in mind as the over-riding principle for all JF coaches when delivering sessions and running JF events.
3. Coaches must:
 - Wash their hands before and after attending JF Coaching events.
 - Maintain a minimum 2m distance from other coaches, players and parents at all times while at JF Coaching events. This includes when greeting each other at the beginning of events.
 - Avoid physical handling of any rugby equipment other than their own equipment and other personal equipment (eg balls and cones brought by the coach).
 - Avoid sharing equipment and do not hold / share / pass equipment between coaches or to /with the players in your care.
4. All sessions run by coaches must maintain social distancing of minimum 2m between each player and other players / coaches throughout each exercise. If players do not comply with coach instructions regarding social distancing, they must be removed from the session, for the safety of all players and staff.
5. In the event of 'shared' equipment supplied by JF Coaching, each coach is to be allocated their own equipment. Contact with the hands of this equipment is to be avoided wherever possible. Moving balls / cones etc with your hands is permitted, however sanitising after is required.
6. 'Shared' equipment should be returned after the session to the nominated event lead, who will put equipment away, to be left for 72 hrs and / or disinfected.
7. Use of toilet facilities may vary, depending on venue. It would be advised to simply not use these facilities at all. If you wish to do so, this is entirely at your own risk.
8. Coaches must not attend sessions if they are displaying any symptoms of Covid-19 and / or if members of their household are displaying symptoms. If this arises they must inform JF (fordjm15@gmail.com) immediately so that cover coaching can be arranged. In the event of displaying symptoms / having symptoms within the household, coaches should follow the applicable government advice on self-isolating.
9. Coaches must follow the guidance of the event lead regarding maintaining social distancing in the administration of the event (eg at registration). This will be delivered at the pre-event briefing.
